

Norms in fixing up the fees.

Queen Mary Public School fixed its fee structure on the basis of the following factors:

- The location of the school where it is situated
- Based on the income source of the parents whose children are studying here in our school.
- The infrastructure of the school building.
- The facilities provided and mentioned in the school website.
- The educational standard of Queen Mary Public School.
- The expenditure on administration and maintenance.
- The salaries of the qualified teachers and non-teaching staff of the school.

These norms are formed by the school Managing Committee.

- We have taken the textbooks after thoroughly checking the contents of the books.
- We have not chosen any book that inflicts any kind of hurt feeling on children in the name of race, colour, and gender differences.
- It has also been ensured that the book does not contain any content that breeds religious communal thinking.
